EQUIPMENT INFORMATION (see back for rebate amounts)

										to Complete
	Date Equipment Installed	Boiler Manufacturer	Model #	Serial #	Boiler Size (BTUH Input)	Quantity	Boiler Type** (Check one that applies)	Installed Efficiency***	Equipment Cost (excluding taxes & labor)	Rebate Amount
1.							☐ HW ☐ STM		\$	\$
2.							☐ HW ☐ STM		\$	\$
3.							☐ HW ☐ STM		\$	\$
4.							☐ HW ☐ STM		\$	\$
** Boiler type designation: HW = Hot Water, STM = Steam Boiler									Rebate total	\$
*** Boiler efficiency rating represents the installed equipment efficiency of the boiler for the application specified on design document (output temperature, pressure, input level, steam pressure, etc.)										

** Boiler type designation: HW = Hot Water, STM = Steam Boiler

*** Boiler efficiency rating to represent the installed operating efficiency of the boiler for the application (i.e. based on designed return water temperature, average input level, steam pressure, etc.).

Commercial Hot Water and Steam Boiler Rebate

TERMS & CONDITIONS

REQUIREMENTS

The qualifying equipment must be new, installed and operational in a Minnesota commercial or industrial business that is served with natural gas from CenterPoint Energy between January 1, 2026 and December 31, 2026. The completed rebate application and proof of purchase must be submitted to CenterPoint Energy by December 31st of the calendar year in which the equipment was installed.

Equipment	Boiler BTU Input	Boiler Installed Efficiency*	Boiler Rebate (per million rate)	Multi-Family Buildings**	
				Multi-Family Buildings Rebate (per million rate)	Affordable Housing Rebate (per million rate)
Hot water boiler (Condensing)	1 MMBtuh	> 88%	\$3,500.00	\$4,550.00	\$10,500.00
Hot water boiler (Non-condensing)	1 MMBtuh	85 - 88%	\$1,800.00	\$2,340.00	\$5,400.00
Steam boiler	1 MMBtuh	> 83%	\$500.00	\$650.00	\$1,500.00

**Rebates not to exceed equipment amount

For inputs other than 1 MMBtuh, convert the Btu to MMBtuh (divide by one million) and multiply that number with the appropriate rebate amount from the charts above.

For example: 399,000 Btu input hot water boiler @ 95% = 0.399 MMBtuh x \$3,500.00 = \$1,396.50
4,500,000 Btu input low pressure steam boiler @ 84% = 4.5 MMBtuh x \$500.00 = \$2,500.00

PROOF OF PURCHASE AND INSTALLATION

A copy of the dated sales invoice showing the equipment installed and equipment cost, excluding labor and taxes.

*Boiler efficiency to represent the installed operating efficiency of the boiler for the application (i.e. based on designed return water temperature, average input level, steam pressure, etc.)

CENTERPOINT ENERGY GAS ACCOUNT NUMBER

Customers can obtain their gas account numbers from their monthly bill statement or online at CenterPointEnergy.com/MyAccount. Account number at installation address must be active in order for rebate to be processed.

PROCESSING

Completed rebate forms will be processed in the order in which they are received and are paid on the first come, first served basis. CenterPoint Energy issues a cash rebate, not utility credits. Please allow 6-8 weeks from the time that CenterPoint Energy receives your completed paperwork to receive payment. If you have not received your payment after 8 weeks, please call your account manager or trade ally representative at (612) 321-4330 or (800) 234-5800, Ext. 4330.

MULTI-FAMILY AFFORDABLE HOUSING PROGRAM: Qualifying properties are eligible for a bonus rebate of 25%

- **Program Eligibility:** The building must be a customer of CenterPoint Energy in Minnesota with a commercial natural gas account and have a minimum of five housing units. A minimum of 66% of the units must be occupied by income eligible households.
- Eligibility can be demonstrated by submitting supporting documentation to your CenterPoint Energy account manager through the following manners:
 - Building certified for the Department of Energy Weatherization Assistance Program (WAP) are automatically eligible.
 - Buildings certified for the Minnesota Low Income Rental Classification (LIRC) are automatically eligible.
 - Use Restrictions or Mortgage Covenants which restrict minimum of 66% of housing units to income eligible households can be used to demonstrate eligibility.
 - Other means of demonstrating eligibility, including (but not limited to) participation in the project-based Section B voucher program or other county or state funded program may be acceptable.

For additional rebate forms, visit CenterPointEnergy.com/BusinessRebates
Rebate calculator: CenterPointEnergy.com/RebateCalculator

CenterPoint Energy is not responsible if the trade ally does not provide accurate information about the amount of the rebate or equipment eligibility, for incorrect applications that are not submitted in a timely manner. Rebate qualifications and amounts are subject to change. CenterPoint Energy Conservation Improvement Program (CIP) rebate programs may be cancelled or changed any time.

Application Checklist

- ☐ All fields on form are filled in
- ☐ Signature on form
- ☐ Copy of invoice attached

Submit completed paperwork by Dec. 31, 2026.
